

Green Corps Employee Job Description

Groundwork Ohio River Valley (GWORV) is a nonprofit focusing on youth, environmental education, water science, transformation of vacant properties, planting trees and edible gardens, building trails, revitalizing neighborhoods, providing a Green Jobs site and workforce development, and participatory planning processes for the Public.

GWORV is seeking a highly motivated young-adults for the Green Corps workforce develop program with the following projects:

- Labor-intensive environmental restoration projects: invasive species removal, stream work, and tree planting
- Community Composting Initiative
- Energy Audits and resident engagement
- Learn and assist Groundwork staff with GIS mapping project management
- Applied ecological fieldwork: habitat restoration, wetland restoration, permaculture/gardening, green infrastructure maintenance, site design, and tool safety/maintenance
- Assist with community outreach efforts (community councils, civic organizations, local government, etc.).
- Assist in GWORV education program with local schools.
- Learn nonprofit business structure and management (budgeting, social media campaigns, report/grant writing).

Requirements

- Young-adult ages 18 - 26 interested in "Green" careers
- Highly motivated, positive attitude, and strong work ethic
- Ability to set and execute work goals in an unstructured environment
- Flexible and positive attitude with the ability to work in a variety of settings
- Ability to work outside in all season or in an office setting periodically

Benefits/Schedule

- 32 - 40 hours a week
- Occasional work on weekends or special events
- \$12-13/hour, dependent on experience.

To apply, send an email to info@groundworkorv.org.
